

Recycle Reward

Student Organizations can now benefit even more from recycling! Make a small addition to your program and help make a huge difference for our world. The next time your group has a campus program you should request recycling trash cans and trash bags from the Office of Student Activities.

Then, you can collect aluminum cans, plastic bottles, etc. from your program. Make it extremely easy... we provide you with the trash cans and supplies.. you just make sure you have signage on the trash cans and encourage those participants to recycle during your program.

- ✓ Call our office at least 48 hours before your event and reserve the trash cans
 - ✓ Pick up the supplies in the Russell Union room 1056
- ✓ Bring everything back after your program and make sure the trash cans have been cleaned
- ✓ You deposit your recycled items in the Russell Union recycle cans or at the campus recycle center

It's that easy! Then, every time you support recycling for your event and participate in Recycle Reward, you will get a \$10.00 credit for future rental in the Office of Student Activities. Your credit can be used for anything in our office. You can rent equipment, make copies, print large posters, laminate items, etc. Your group can accumulate your rewards. The maximum monetary amount a group can earn per semester is a \$50.00 value. All rewards expire at the end of the Spring 2007 semester.

Program starts October 1, 2006
